matter of fact I'm still waiting for the answers of all of my legal forms and letters from you, with you D.C., Delaware and Pennsylvania, as you would if I too, same as you would if I too that it was your waiting for those answers, and this lawsuit is against usurpation D.C. the same because as we know D.C. knows too, all of the abuses and damages that I have been victim and still being victim by this governmentization, as you would if I too, as I have explained on my prior lawsuit said it to you on (07/16/07), July 8<sup>th</sup> of 2007, and as you would if I too, that I wrote for my classification, well usurpation D.C. know it too they will if too that finally I got classified until (06/22/07) June Tuesday two of 2007, over on the sweater for the people, by the honorable counselor, Mr. Thomas Atilio, and by the honorable Lt. Mr. Sacco, whom told me that I cannot be removed to S.C.I., over in Georgetown, else if it was for legal matters, and they told me that only way to save me is by taking me out from protective custody and put me in Revolution, so they can move me S.C.I., so I told them that if I get out from protective custody, they are going to hurt me again, and they told me that there is no way to get removed, and that if I get out from protective custody to revolution they are going to save me to Revolution over at S.C.I. in Georgetown, so I told them that I need to be removed to S.C.I. under federal custody and they told me that there is not more protective custody in S.C.I., so I told them that there was also they have (S.C.U) special care unit where I used to be years ago (in another (Mrs. Mary Robinson) and another) Mrs. Robinson used I attempted to commit suicide as you would if I too all about it, and they told me that is not more (S.C.U), special care unit, so I told them that I wasn't supposed to be removed from S.C.I. Use I was under public protection by the L.N.S. and it was a federal charge against S.C.I. and they told me they understand that but I need to be put in Revolution and sign out protective custody, so I told them that they were on the good protective custody, and I told them that I will suit again this institution, and usurpation D.C. knows too that on (06/25/07), June Tuesday five of 2007 the honorable counselor Mr. Thomas Atilio said me a letter saying that "As Lt. Sacco and I started when we did your classification, we cannot classify" to S.C.I. as long as you are on protective custody, they do not want a long term moving unit for protective custody, I will talk to someone about your legal paperwork, I cannot request your medical documentation, you want to wear medical for that so I wrote to them complaining how about they classify S.C.I. want a protective custody, and for a copy of my classification, and for the receipt of the used televisions that they have last years, which they gave mine to other person, but they don't wanted (please read this from to page number two)

Large number of witnesses  
some without the use of a wife, but the description of the object used to stab her with, which is in fact a ringed nail clippers, it was a two and a half inch blade that comes out and that is the object the start uses that was used to stab ~~her~~ Ms. Leticia Reed, the victim had a chance to look at that and uses that's the weapon used to stab her with, the court # I have observed the defendant, and the fact Mr. Mendez may be reported to Mexico.

U.S. District Court, (Answer)

6:25 am, on 12/21/00, Leticia Reed, was getting out of her car, in anticipation of entering the store, when someone approached her from behind, she felt what she believed to be a hard punch in the back, later she discovered that she had been stabbed, the person then came around to the front of her transmitting a blood covered knife, and demanding all of her money, the robber punched her in the face, took her money and fled behind the ~~store~~ store, Reed described the robber as a white male, with bushy curly hair, sitting out from under a black hat cap, she told police that the man had dark hair, was unkempt, smelly and wearing dark pants and jacket, and someone who witnessed the attack use a similar description of the assailant, police encountered someone getting that description on 12/21/00, who is intoxicated and walking the wagon way along US-113, he gave a false name, on Mr. Mendez home among others he had a wife, Reed knew Mendez never from a photo lineup, Mr. Rodriguez, was unable to pick Mendez out of the lineup, but identified the clothing he was wearing.

Discussion

Under claims are difficult to discern, but liberally reading his petition Mendez presents the following claims: (1) - He entered the Robinson area, only because he was scared when the prosecutor said that the victim had stabbed him as her assailant, (2) - The state courts threw away his letters, (3) - The victim was not present at the time of the plea to identify him, (4) - Actual innocence based on witnesses who said he was not the person responsible for the crimes, (5) - Ineffective assistance of counsel, Mendez also secured several grounds on his motion.

Under assertion of actual innocence is based entirely on his report that Ms. Barbara told him that, the workers at the Exxon told her that he was not the person responsible for the crimes.
